DETAILED ACTION

Drawings

1. The drawings filed on 12/12/03 are acceptable.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 5 is finally rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claim contains the reference numeral "44" without parentheses.

It is also unclear as to what is being claimed as it appears that some language is either missing or some of the original language needs to be cancelled, e.g. "wherein the means to cause rotation", appears to be incomplete.

Allowable Subject Matter

4. Claims 1, 3, 7-9, 13, 15, 19, 21 and 22 are allowed.

Response to Arguments

5. Applicant's arguments with respect to claim 5 have been considered but are moot in view of the new ground(s) of rejection.

The claim is still ambiguous as to what is being claimed as it appears that the phrase "wherein the means to cause rotation" should be deleted as well as the reference numeral 44.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

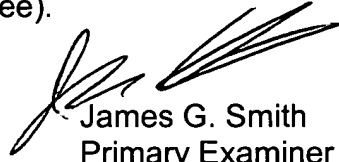

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to James G. Smith whose telephone number is 703-308-1746. The examiner can normally be reached on M-Th (7:05- 4:35) Fri. off.
